

UW Dermatology Wednesday morning Patient Conference Patient Instructions

Thank you for agreeing to participate in our patient conference. It provides a unique opportunity to have many care providers think about and discuss your skin. It is both beneficial to you as the patient and to all of our providers as learners. Below are some basic instructions regarding the conference. If you have any questions please contact either your provider who has invited you to come, our RN line at 206.598.5065, or our chief residents at dermcfs@uw.edu.

- The conference is held on 2-3 Wednesday mornings each month in the Dermatology Clinic on the 4th floor at 4225 Roosevelt Way NE, Seattle, WA 98105 (across from the University Inn)
- There is parking below the clinic, for which you will be reimbursed
- We ask that patients arrive no later than 7:40 am
- Please come to the Dermatology front desk, let them know that you are there for patient conference and you will be directed to an examination room
- You will likely be asked to change into a gown
- You can expect anywhere between 10-30 providers to come into the room to examine your skin and ask questions
- Around 8:15 the providers will go to a conference room to discuss your skin findings
- You can expect a phone call from your provider in the following days with a summary of what was discussed and what the plan is for your care

Please contact us with questions.

Thank you.
